CREAM ACTIVATOR FOR HAIR

PRESENTATION
1 L.

Color activator that does not lighten hair. It is used to tone both natural and processed hair.

Directions:

1 | Use non-metallic containers, plastic brushes and protective gloves.

2 | Mix using the following hair color instructions.

DESIGNER COLOR SEMI-PERMANENT: mix using a 1:1½ ratio (60 ml of color + 90 ml of activator).

DESIGNER COLOR INFINITE: mix using a 1:1½ ratio (90 ml of color + 135 ml of activator). The process time will depend on the desired result and the condition of the hair.

CAUTION: This product contains Hydrogen Peroxide. Keep in a dark, drafty place. Photosensitive and heat-sensitive material. Wear appropriate gloves.

Avoid contact with eyes. Keep out of the reach of children. In case of adverse reactions, discontinue use; if these reactions persist, consult your doctor.
